

## 6. DOWN HERE

Tuned down 2 (DGCFAD)  
190 bpm

**C G7 C C G7 C**  
We love living in Austr-alia, we love living down here

**F C D7 G**  
The rest of the world is second rate 'cos there's one thing I can tell you mate

**F G7 Am C B7 Em**  
When we come back from overseas, back to the good 'ol An-tipodes

**Am F C C G7 C**  
It's great to be living in Austr-alia, so come on and join us down here

**VERSES: G C | D G | C Em F G | F G C**

Outback dunnies, droughts and flood  
Peeling skin and boiling blood  
Take me there, if you please m'lud  
I want to go and live there

Ticks and spiders, stingers, snakes  
Googlies, leggies and off-breaks  
Wildlife noise keeps you awake  
But we love living down here

Chorus

Gum trees, wombats, koala bears  
Kangaroos bounding everywhere  
Crocodiles fix you with a stare  
And kookaburras laughing down here

Indian, Pacific, Southern Ocean  
Rivers, deserts, suntan lotion  
Shrimp on the barbie and snags in a bun  
We've got no worries down here

Chorus

Boxing Day at the MCG  
Snakes in the grass and sharks in the sea  
We still work hard in 100 degrees  
We love living down here

Cricket, rugby, Aussie Rules  
Fun by the beach and the swimming pool  
We're nobody's boss but nobody's fool  
We love living down here

Chorus

Alice Springs, Uluru  
Surfing beaches, Kakadu  
Oodnadatta and Wolloomooloo  
We love living down here

Melanomas, big beer guts  
Flies and mozzies drives us nuts  
Losing at sport is a kick in the guts  
But we love living down here

Chorus

Barefoot, singlet, shorts and thongs  
Slip slop slap and the odd ding-dong  
We don't know the words of our national song  
So come on over down here

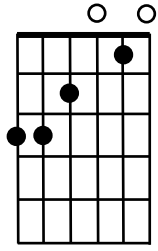

*SLOW ...*

Now we're not all perfect, and it's not all fun  
But you can't help smile underneath the sun  
So keep the beers cold and the steaks well done  
And we'll keep living down here

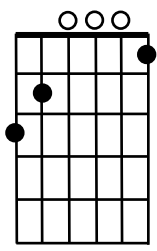

Chorus
