## HAMSTER WHEEL – Lyrics only

1.

As soon as my head hits the pillow  
Sunlight pours in to my room  
I can't shake the feeling that  
I gotta break the cycle soon

Feet never seem to touch the ground  
Life keeps going round and round  
The things I see are never real  
Running in my Hamster Wheel

A tiny cog is what I've been  
In a big machine that I've never seen  
Will my disquiet ever heal  
Trapped inside this Hamster Wheel

2.

Is this as good as it ever gets  
Will I ever feel free  
Prodded goaded reset reloaded  
What about us and what about me

Settle down to my routine  
Running nowhere fast, unseen  
To keep the world on an even keel  
I must turn my Hamster Wheel

Will I ever get out that door  
Uncertain yes, but no shit on the floor  
Completely down at heel but free  
Seems better than the Hamster Wheel

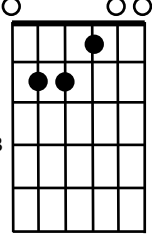

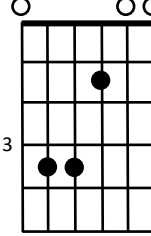

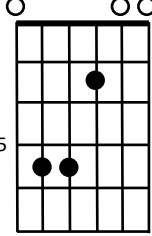

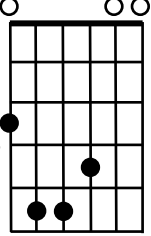

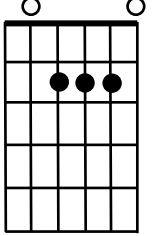

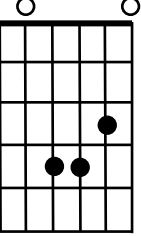

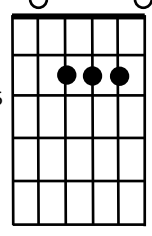

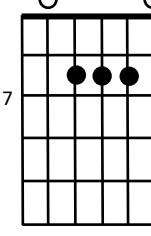

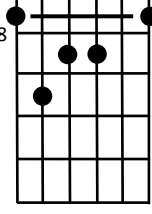

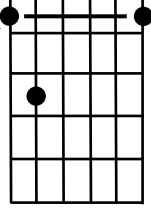

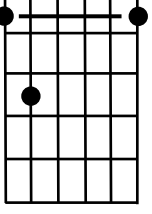

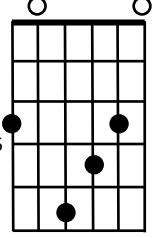

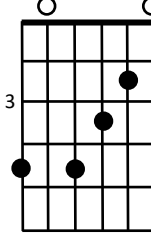

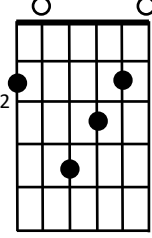

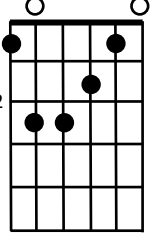

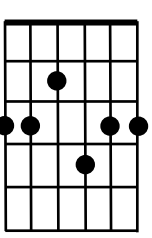

3.

Stuck in endless mundanity  
'bout to lose my sanity  
Striving high-fiving but no one's driving  
What about us and what about me

I've been sleeping through my life  
And just living in my sleep  
Drifting through my days and nights  
Best not to think too deep

Entertainment work and bills  
Love and hate, joys and ills  
What's to lose, what's really there  
The Big Wheel spins, but goes nowhere
