1. FAIRYTALE – Lyrics only (E.Michael/G.Barnett)

[All sung by adult as 3rd-person narrator]

Deep in the Dark, where no one dares
Her own secret Kingdom, underneath the stairs
Who seeks to enter? And from who knows where.
She can't believe that she found him standing there.
It's true, so my new friends beware.
She is the ghost of the great Queen of Quest'ri'air
Just kiss her hand and make her your wife
And she'll vow to haunt you and lighten up your life ... Go on!

He dared the Dark to find her a sleep
Under the stairs in a forbidding castle Keep
A solitary Queen slumbering deep
A beauty so rare that it made his poor heart weep
It's true, so my new friends so fair
He wants to join her as the King of Quest'ri'air
So take this kiss from him, understand from this day
That he wants to haunt you for ever and a day ... Please stay!

But that was then, and we get to know
That all of our dreams are seldom left to grow
So your Kingdom fell as the years fell a way
Who would have ever thought that you would part one day
It's true, so my old friends take care
You have long forsaken your young Dreams of Quest'ri'air
Your futures are calling and so you turn away
But sweet mem'ries will haunt you for ever and a day ... They may, they may

1. FAIRYTALE - (E.Michael/G.Barnett)

As sung by the protagonists

[GIRL, playing with boy]

Deep in the Dark, where no one dares,
My own secret Kingdom, underneath the stairs.
Who seeks to enter? And from who knows where?
I can't believe that I found you standing there.
It's true, so my new friend beware,
I am the ghost of the great Queen of Quest'ri'air.
Just kiss my hand and make me your wife
And I'll vow to haunt you and lighten up your life ... Come on!

[BOY, playing with girl]

I dared the Dark to find you asleep
Under the stairs in a forbidding Castle Keep.
A solitary Queen slumbering deep
A beauty so rare that it made my poor heart weep.
It's true, so my new friend so fair,
I will come to join you as the King of Quest'ri'air.
Take this kiss from me, understand what I say
I want you to haunt me for ever and a day ... please stay!

[either as LATE TEEN/ADULT, reminiscing]

But that was then, and we've come to know
That all of our dreams are seldom left to grow.
So our Kingdom fell as the years fell away,
Who would have ever thought that we would part one day.
It's true, so my old friend take care,
We have long forsaken the childish thrones of Quest'ri'air.
Our futures are calling and so we turn away
But sweet mem'ries will haunt us for ever and a day ... they may, they may

FAIRYTALE – Untitled Lyrics/Poem by Eleni Michael

Deep in the dark
Where no one dares
A secret place
In the castle
Of all the lands.

Who enters there?
Of all the lands
I can't believe
I found you there!

Behind me
Was a beautiful sight
I saw a friend
I couldn't believe my eyes

Standing there
Looking at me

Deep in the dark
Where no one dares
A secret place
In the castle
Of all the lands.
She saw me there
Just standing there
I couldn't tell her

My secret
Why would she care.

This is true
My friend beware
I'm the ghost
of Questriair

I hope you know
What I tell you

Because you will be there
and I am after you.
There's no escape
Cause I'm at the gate
Cause I am-
Cause I'm after you.
