

16. LOOKING FOR LOVE

Tuned down 2 (DGCFAD) + CAPO 2

130 bpm 3/4

Intro: Bm A G A Bm F#m G F#

Bm A **G** **F#**
Looking for love loving someone looking for someone to love
Laughing, crying, moaning, sighing sounds of two people in love

D **F#m**
Circle-ing round knowing love can be found
Mutt'ring soft words like the cooing of birds

Em **A**
You need luck on your side because love is so blind
With your bodies entwined losing love seems absurd

D **Ebdim** **Gma7** **F#**
Love is pleasure but love can be pain and you want to feel it a- gain
Passion and pain and voices raised the old hurts bring darkening days

Em **A** **G** **C**
That pleasure and pain always drives you insane
And doubts grow stronger, the silences longer

Bm **Em** **Fdim** **A7** **Gma7** **Bm/F#** **F#**
So why are you looking for love a- gain. Always looking for love.
So soon you'll be looking for love a- gain. Always looking for love.

D **G/D** **G6/D** **D** **C/D** **G/D** **D**
The sun can rise and fill your eyes and hope springs e-ternal each day
But clouds have gone, and from now on our hearts are in tune every day

D **Gm6/D** **Bbm6/D** **D** **Bb/D** **Gm6** **A7sus** **A7**
Make my love yours, I'll make yours mine but heartbreak's just one kiss a- way **BREAK**
My love is yours, and yours is mine but is this love here to stay **CODA**

Break: Bm A G F#

CODA: Bm A
We know it's the only way not to be lonely

G **F#7#5** **Bm**
So we're always looking, always looking for love.

LOOKING FOR LOVE – Lyrics only

Looking for love
Loving someone
Looking for someone to love
Circling round
Knowing love can be found
You need luck on your side
Because love is so blind
Love is pleasure
But love can be pain
And you want to feel it again

That pleasure and pain
Always drives you insane
So why are you looking
For love again
Always looking for love

The sun can rise and fill your eyes
And hope springs eternal each day
Make my love yours I'll make yours mine
But heartbreak's just one kiss away

Laughing crying
Moaning sighing
Sounds of two people in love
Mutt'ring soft words
Like the cooing of birds
With your bodies entwined
Losing love seems absurd
Passion and pain
And voices raised
The old hurts bring darkening days

And doubts grow stronger
The silences longer
So soon you'll be looking
For love again
Always looking for love.

But clouds have gone, and from now on
Our hearts are in tune every day
My love is yours and yours is mine but
But is this love here to stay

We know it's the only way
Not to be lonely
So we're always looking
Always looking for love.
