PROMISE – Lyrics only

Feel I'm caught in a riptide
Swimming fast as I can
Lost all sense of direction
And drifting further from
Land that's sinking
Are you thinking
There's a chance we might drown
If no-one backs down

I feel I'm caught in a twister
Hit by a blizzard of sound
Powerless to resist her
I feel my feet leave the
Ground that's shaking
Are we breaking
All that we had
And it wasn't all bad

Looking for the promise of love
All through my life
And just when you think
It'll all be alright

A House of Cards (with glassy shards), the cracks appear (screams in your ear)
A tug of war, (a slamming door), and madness spreads (to take us away)

The odds are much shorter that we're gonna survive
The heat's getting hotter and burning the
Lives we wanted took for granted
So what would you do to stop it being true

Looking for the promise of love
All through my life
And just when you think
It'll all be alright

The Reaper stalks (while money talks), when lies begin (you'll never win)
The fire spreads (when drought is near) then floods appear (to take us away)
