## SHADOWS – Lyrics only (K.Michael/G.Barnett)

Tonight I called you, nothing happened  
You didn't hear me call your name  
So much sadness, oh my precious  
There is no one I can blame  
I thought that love would conquer all  
I thought that truth would win

Carefree days and simple ways  
Could be the base of friendship  
Now I'm looking far and wide  
For buried lies in landslips  
Breath by breath and day by day  
Leave the shadows behind you

If I give up I'll start dying  
You have always been the one  
I will be there for you always  
Like a planet round your Sun  
Wasn't this what we'd been looking for  
Is my love not what you want?

Return to things the way they were  
I don't want them to be over  
I walk the streets and call your name  
Come back to me my lover  
Step by step and day by day  
Leave the shadows behind you

Return to things the way they were  
They never will be over  
I walk the streets and call your name  
Where are you now my lover  
If some day you come my way  
I'll push those shadows behind you far out of view

## SHADOWS – Original Lyric/Poem by Katina Michael

Tonight  
I called you  
Nothing came out  
I was devastated  
So much sadness  
Please my sweetness  
Don't despair  
I'll wipe away the tears.  
It will all be alright  
Patience  
This suffering  
It's only temporary  
Think on the great times we had  
When we thought  
We'd conquer the world  
Through our truth  
Such carefree days  
I wanted to run  
Through the streets  
Proclaiming friendship.

I've found her  
Found the one I'd been looking for  
Even after I had ceased to search  
Oh thank you God  
The greatest gift  
I could have asked for  
But now she's gone  
And I go looking  
Far and wide  
For the lost and found.  
"Come back to me"  
I proclaim in the streets.

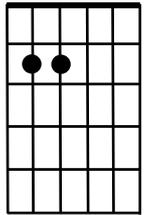

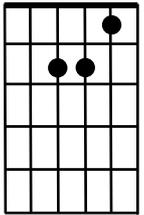

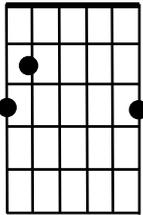

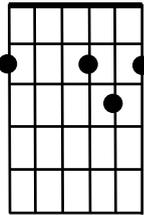

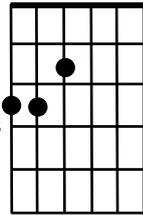

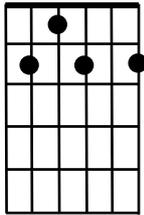

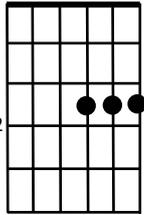

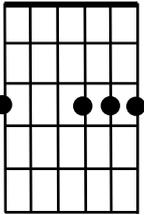

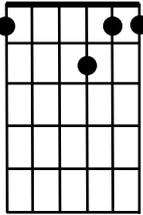

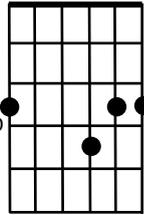

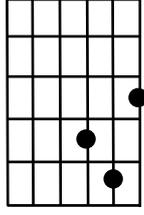

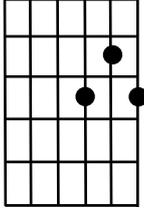

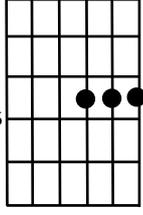

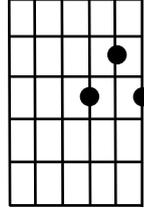

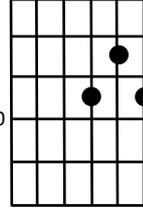

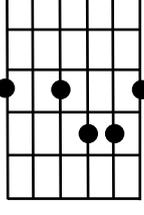

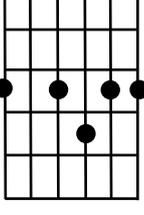

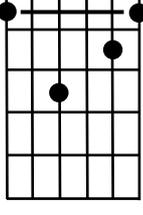

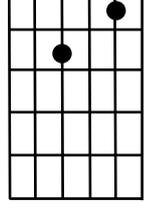

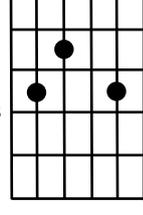

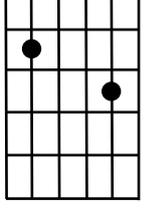

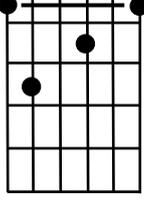

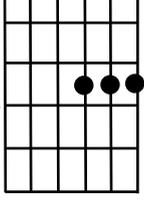

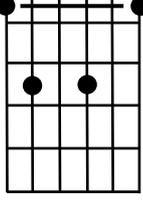

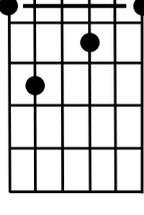

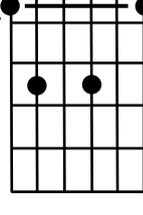

Don't give up  
Don't give up my precious  
You've always been the one  
Holding us all up  
It's our turn to raise you  
But oh this body and mind  
We just can't get it to act

Weak body  
We should be there for you  
But we can't seem to find the will  
The bad times will pass  
They will pass...  
Day by day  
Step by step.

Lift us up goodness  
Take us somewhere  
Far away from this hurt  
And this tribulation  
Where are you out there?  
I call for her  
The one I once knew so well  
And hear the echo.  
Now, I miss you  
I want her back  
Bring her back  
I want things to be  
The way they were  
When we laughed together  
And cried  
No pain  
Only joy  
Only love  
Only laughter  
Only life.  
Only liberty.

Call me to you.  
Let me come.  
Don't shut me out.  
Find the strength  
Leave the shadows  
Behind.  
I'll be your safe harbor.  
I'll be the ship that helps  
You cross over  
Again.
