

THAT BLOKE UPSTAIRS

I see you every day
Don't know why
You smile a little smile
Wave bye bye
It's nice to see you but
Who's that Bloke upstairs?

Wandering in the dark
I rest my eyes
Stumble through the day
I hear the cries of
People passing but
Who's that Bloke upstairs?

What's he doing here?
Is he someone I once knew?
If I see your face again
Will I remember you?

Drifting through the clouds
Molten skies
Orange turns to gold
A new sunrise
Reaching out to me
That Bloke Upstairs
